Chemical Dosing Tank

Reliable Control, Engineered for Life.

Chemical Dosing tanks are specialized chemical storage containers designed for use in water treatment, chemical dosing systems, industrial processes, and agricultural applications. These tanks are manufactured from high-quality, chemical-resistant polyethylene (PE) and are suitable for both indoor and outdoor installations.

Standard Feature

- > Integrated dosing pump mounting platform
- > Screw-on lid for safe chemical handling
- > Graduated level markings
- > Robust cylindrical or square design
- > Precise, stable dosing output
- > Compatible with multiple pumping systems

Applications

- > Water & wastewater treatment
- > RO plants and filtration systems
- > Cooling towers and boiler dosing
- > Swimming pool chemical dosing
- > Industrial chemical handling
- > Fertilization and agricultural dosing

Model	Capacity (Liters)	Diameter (mm)	Height (mm)	Lid Size	Lid Size
AF-50L	50L	350	600	120mm	White
AF-100L	100L	400	750	120mm	White
AF-200L	200L	500	950	200mm	White
AF-300L	300L	580	1100	200mm	White
AF-500L	500L	700	1250	200mm	White
AF-1000L	1000L	900	1650	400mm	White
